## Nevada legal pimp Dennis Hof Podcast Highlights

Monday, 28 July 2008

February 8, 2008

Dennis Hof is a legal pimp in a Nevada brothel. He advertises his brothel on an HBO pseudo-documentary series with the full support and collaboration of HBO. Cathouse serves as propaganda for the sex industry while denying and concealing the harms to both prostituted women and society at large. Download excerpts of a Howard Stern wannabe radio show where Hof and a woman he pimps are interviewed. Highlights include recruiting for prostitution in high schools, smarmy contempt toward women in general and prostitutes in particular.
